ON AUDRAIN COMMITTEE.

Says Kennan's Move Was Calculated to Injure His Prospects as Candidate for Secretary of State.

REPUBLIC SPECIAL.

Mexico, Mo., Feb. 27. Secretary of State S. B. Cook, who took such an interest in and attended the meeting of the Audrain County Democratic Central Committee a week ago and through whose efforts a primary plan for State officers in Audrain County was defeated, publishes the follow-ing eard in R. M. White's Evening Ledger in this city to-day;

ling card in R. M. White's Eventing Ledger in this city to-day:

To the Editor of the Ledger.

Jefferson City, Mo., Feb. 2n.—In your issue of the 3th inst., or me editorial criterising the action of the Amirain County Committee for not ordering a primary for all State officers, you use the following language:

"Every man who is in favor of a fair deal, and giving the rank and file their choice, will favor the primary. The man who opplets it only wants to defeat the will of the neople."

It is not the purpose of this article to question the sitiestity of surpose or the unselfish Democracy of those members of the committee who voted for Mr. Kennan's motion to include the names of all cardidates for State officers in the county primary to be held May 7. It is a narrow Democrat. Indeed, who cannot recognize the right of other Democrats to follow their cannot be considered to the members of the county between Judement as to what is best in party matter, and the second of the members of the countities who did not see proper to follow Mr. Kennan's deturn to justify the instrumtion, if not the direct charge, that they are opposed to a "fair deal," do not want to "defeat the will of the people."

Some very foolish things are being said in this campaign. Why is it necessary to impugn the motives of a malority of the Democratic Committee of Audrain." In what particular are Mr. Kennan's motion, better Democrate or more in tooch with the rank and file to he people.

There is a superabundance of cheap demagog

did they ever atternst to defeat the "will of the besole".

There is a superabundance of cheap demagogsty just new about the "rank and file" of the
narty. Statesmen out of a job are glib of talk
on this subject, and not a few of them are
desperately endeavoring to make of themselves
self-constituted guardians of the pecule. There
is no class among the Democrats of Audran,
and very little of it among Alissouri Democrats
in any pertian of the State. The "rank and
file" in Audrain includes every Democrat who
locally and unselfishly upholds the banner of
his carty and who in good faith accepts the
result of his party contests, whether it is in
accordance with his own personal interests or
not.

The 'rank and file' of Audrain are not in any distressing need of the protection of self-appointed guardians. They are men, with iron in their blood, abundantly able to think for

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty. Nearly everybody knows that charcoal the safest and most efficient disinfectant

is the safest and most eincient disinfectant and purifier in nature, but few realise its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stor and intestines and carries them out of the system.

Charcoal sweetens the breath after
Charcoal sweetens or after eating onlong

Charceal enectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and boweis; it disinfects the mouth and throat from the poisson of catarrh.

All druggists sell charceal in one form or another, but probably the best charceal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered Willow charceal and other harmiess antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charceal being mixed with honey.

The daily use of these lozenges will soon tell in a much-improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charceal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but & century a box at drug stores, and, although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."

THE EASTERN WAR
